

September 22, 2015

Dear DeVilbiss Distributors/Sales Reps:

DeVilbiss Automotive Refinishing introduces the CamAir® DAD-PRO™ Air Drying System.

The DAD-PRO™ is a bagged desiccant system featuring two 2-stage 50 scfm filters. Its desiccant tank removes water vapor and humidity down to a dew point of -40° F. The desiccant cartridge is replaceable for easy maintenance and the oil coalescing element need only be replaced every six months. The water separator removes oil, water and dirt down to 5 microns while the second stage oil coalescer removes oil vapor and dirt particles down to 0.01 microns.

Attached you will find ordering information for the DAD-PRO™. Please visit DeVilbiss at www.autorefinishdevilbiss.com for more product information and product images.

Should you have any questions, please contact DeVilbiss Customer Support at 1.800.445.3988 or askus@carlisleleft.com. Orders may be faxed to 1.800.445.6643 or emailed to orders@carlisleleft.com.

Sincerely,

Your DeVilbiss Team
