

February 18, 2016

Dear DeVilbiss Distributors,

DeVilbiss Automotive Refinishing introduces the TEKNA® Basecoat spray gun.

The new TEKNA® Basecoat spray gun is designed to spray well at low pressures with exceptional metallic control and reduced overspray. The gun comes with an all new HVLP air cap and has optimal performance when sprayed at 14-18psi.

This full size gun is anodized inside and out for corrosion and scratch resistance. All TEKNA® Basecoat kits will include an HV20 air cap, two fluid tips, HAV-555 digital gauge, gun wrench and color ID rings.

The new TEKNA® Basecoat guns are now available for pre-order. Initial order quantities are limited to 20 spray guns per ship-to location. DeVilbiss will begin shipping TEKNA® Basecoat orders on March 1, 2016.

Attached you will find the product sell sheet and ordering information. Please visit us at [www.autorefinishdevilbiss.com](http://www.autorefinishdevilbiss.com) for more product information.

Should you have any questions, please contact DeVilbiss Customer Support at 1.800.445.3988 or [askus@carlisleleft.com](mailto:askus@carlisleleft.com). Orders may be faxed to 1.800.445.6643 or emailed to [orders@carlisleleft.com](mailto:orders@carlisleleft.com).

Sincerely,

Your DeVilbiss Team
