

February 18, 2016

Dear DeVilbiss Spray Gun Users,

DeVilbiss Automotive Refinishing introduces the TEKNA® Basecoat spray gun.

The new TEKNA® Basecoat spray gun is designed to spray well at low pressures with exceptional metallic control and reduced overspray. The gun comes with an all new HVLP air cap and has optimal performance when sprayed at 14-18psi.

This full size gun is anodized inside and out for corrosion and scratch resistance. All TEKNA® Basecoat kits will include an HV20 air cap, two fluid tips, HAV-555 digital gauge, gun wrench and color ID rings.

The new TEKNA® Basecoat guns will begin shipping on March 1, 2016 and are now available for pre-order in the United States and Canada. Attached you will find the product sell sheet. Please contact your local Jobber to place your pre-order.

Should you have any questions, please contact DeVilbiss Customer Support at 1.800.445.3988 or askus@carlisleleft.com.

Sincerely,

Your DeVilbiss Team
