

ANNOUNCEMENT

Carlisle Fluid Technologies (CFT) is pleased to announce the establishment of our global headquarters in Scottsdale Arizona.

This new global headquarters will allow us to meet the current needs and future growth goals of our finishing business while improving facility and team efficiencies.

Executive and support staff positions from both our Industrial and Auto Refinish divisions will relocate from the Toledo area and other locations to the new site. The transition to Scottsdale will occur over the next 6-12 months. CFT will continue to maintain key operating locations worldwide.

Being together in a single 25,000 square foot facility, with expansion capacity, will provide a collaborative, technology-driven environment that brings more opportunities for frequent interactions among these departments:

- Sales and Marketing
- Customer Support
- Research, Development and Innovation
- IT, Operations and COS
- Finance and Accounting
- Human Resources

The Arizona site will also be the home for Carlisle Companies corporate headquarters, moving from Charlotte NC to the new address at 16430 North Scottsdale Road, Scottsdale AZ, USA.

Continued investments in our people and capital improvements, including our new global headquarters, showcase the positive momentum at CFT, as the newest business unit of the Carlisle Companies. Carlisle is committed to bringing CFT to the billion dollar level through organic growth initiatives, innovative new product development and strategic acquisitions that bring increased value to customers, distributors and stakeholders.

Our outstanding employees, distributors, and suppliers are the reason we serve a world-class customer base. We are confident with your continued support, we can take all our businesses to the next level.

Sincerely,

A handwritten signature in black ink, appearing to read "Barry Holt".
