New TEKNA® ProLite Special Edition Steampunk Spray Gun from DeVilbiss Automotive Refinishing

DeVilbiss Automotive Refinishing has introduced a special edition TEKNA® ProLite spray gun. The new TEKNA® ProLite Special Edition Steampunk Spray Gun brings the flair of the Steampunk world to the performance and control offered by the standard TEKNA® ProLite.

The TEKNA® ProLite Special Edition Steampunk guns come with 1.2, 1.3 & 1.4mm fluid tips, TE10 & TE20 air caps, a disposable cup adapter, HAV-555 digital gauge, spray gun wrench and color ID rings. Each kit also contains a card with a promo code for the painter to redeem for a free t-shirt.

The new TEKNA® ProLite Special Edition Steampunk Spray Guns are now available for order in the United States and Canada.

DeVilbiss Automotive Refinishing (www.autorefinishdevilbiss.com), a division of Carlisle Fluid Technologies, is a leading global designer and manufacturer of refinishing equipment and productivity products. DeVilbiss offers a broad range of solutions for the refinishing market including spray equipment, disposable paint cups, air filtration, dirt control products, and more.
